

AFFORDABLE SEW & VAC

Baby Lock BL097 Serger

Optional

baby lock® 097

Blind Hem foot

Allows trimming, overlocking and blind hemming in a single operation. Available in two sizes to give a perfect result on sheer and knitted fabrics.

Piping foot

A special groove under the presser foot enables you to make piped seams easily. Use for decorating edges of collars, cuffs, pockets, etc.

Needle threader

Needle can be threaded easily using needle hole threader.

Elasticator/shirring foot

Creates professional-looking gathers by feeding in the elastic at just the right speed.

Gathering foot

Excellent gather is made easily by using gathering foot.

- Sewing speed 1,300(s.p.m.)max
- Overedge width 4-7mm
- Stitch length 1-5mm
- Number of threads 4/3/2 threads
- Dimension 320(W)X280(D)X280(H)
- Weight 8kgs

Stitches available

Four Thread Overlocking

Makes seam more stable. Very useful for knits and woven garments subject to stress

Corded Overlocking

Can be used to strengthen seaming such as side-seaming, joining shoulder or sleeves

Three Thread Overlocking

Overlock as you trim. Perfect for hems on trousers and skirts

Pin Tuck

Use this stitch to make tucks a feature on blouses, for example.

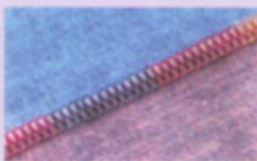

Decorative Braid

Overlock over cord or braid.

Gathering

Differential feed makes gathering easier. Use it on waistlines, sleeve heads, sleeve cuffs and ruffles, etc.

Decorative Top-stitching

Use this stitch to add decorative details to garments.

Narrow Hem

Allows overlocking on very thin cloth (as narrow as 2mm or 5/64"). Ideal for making frills on thin materials.

Rolled Hem

Rolls the edge of the fabric, giving a strong decorative effect. Ideal for making frills.

Picot Stitch

Perfect for edging stretch fabrics. Use on knits and jerseys to create frills and other decorative effects.
